

BMLT Live Streaming Webinar

The Canadian Assembly has decided to offer access to the Basic Meeting List Toolbox as a free service to the Canadian Fellowship. This effort is intended to create access to meeting information across the country in one comprehensive source. In cooperation with the developers of this software, we will stream the presentation/workshop live as it happens during day one of the Canadian Assembly meetings in Niagara Falls, Ontario. There may be a need to download a small app onto your laptop or mobile device or you can join via a web browser. You need not be technical to find your way through this simple process.

We will be using the Zoom platform to bring you this broadcast. Visit their [website](#) if you want more info on how the presentiaon software – Zoom - works. You don't need to sign up, just click the "[Join A Meeting](#)" link and enter the meeting id # 173096946 or click on the link below.
