Service takes many forms from living the program, helping with home groups, working on projects and conventions, serving on subcommittees, participating in Area or Region. Service helps others but also helps us in our own recovery. Come hear how it works and how it benefits your recovery.

Services include:

- home groups and GSRs
- Activities, PR and Literature subcommittees
- Area, Region, CANA and World Service

Speakers will talk about what they learned and how their service work has helped keep them clean.

The day will be fun packed and end with lots of Dave C's world famous **chili at 6 pm** followed by a rousing game of Family Feud, NA style.
